Lower Providence Rod & Gun Club
Hunter/Trapper Education Information Sheet

a) There is no fee for the course. (We start with the best news first ☺)

b) To complete the course, the student must attend all 3 classes of a single course **in their entirety. No exceptions!**

c) Be there 15 minutes early on the first night to complete registration forms and receive course materials.

d) **We need a parent or guardian to sign the registration form if the student is under 18.** After the parent has signed the form, they may stay or leave as they wish.

e) The student does **not** need to bring a birth certificate or other ID to the course.

f) Students **should not** bring personal firearms to the class.

g) Students should bring a pencil or pen to take notes and to take the written test. Also a clipboard or hard surface notebook is useful, as the students will not be sitting at desks as the course is taught.

h) Students should be sure to bring all the materials they receive on Monday to the Thursday and Saturday classes. They will be used throughout the course.

i) On Saturday, we will give the students a lunch break from roughly noon to one, but we will not sell or serve any food, so the student should either pack a lunch, or, if an adult is present, lunch can be obtained at nearby fast food restaurants.

j) If you cannot attend, please cancel online (preferred) or call 610-666-7460 and leave a message to free up the roster spot for someone who can attend.

k) Our address is 2857 Egypt Rd., Audubon, PA, 19403 We are ½ mile east of Route 422 at the Oaks exit. Our driveway may be hard to see at night. There is a sign, but it is dark in color. Look for a blacktop driveway that disappears up a hill into the woods. It is illuminated by a light on a pole that sits somewhat back from the road. See map below.
